SIPA MISSION

SIPA's mission is to enhance the quality of life of Pilipino Americans and other communities through youth development, health, economic, and social services. SIPA also develops affordable housing and other projects that promote cultural identity, economic stability, self-sufficiency, and civic participation. SIPA's innovative programs and services are facilitated through community-based collaborative relationships.

VISION STATEMENT

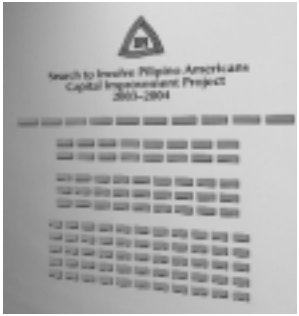

SIPA seeks to become a premiere advocate of health, safety, growth, empowerment, cultural and political awareness in Pilipino Americans and other ethnic minority communities.

We invite you to become a stakeholder in the future of Historic Filipinotown youth and families by supporting Search to Involve Pilipino Americans with a special gift in recognition of the completion of our Capital Improvement Project. These funds will support the purchase of furnishings and recreational equipment vital to ongoing programs and services. All donors to this special fund will be acknowledged with personalized "wooden bricks" that will be created, produced, and installed on the wall of SIPA's newly-renovated multi-purpose room that will be unveiled at our grand re-opening on **Friday, June 25, 2004.**
